NSK-CAJ FELLOWS PROGRAMME ENDS:- NSK has sent its circular to the Union on March 11, 2016 concerning its decision to end the programme since its inception in 1978. Around 435 journalists attended the programme. Reason for termination being the Japanese newspaper industry is dealing with decreasing circulation numbers and declining advertising revenues.

TO:
Mr. Akira KAWASHIMA,
Managing Director of NSK.

Dear Sir,

NUJ Malaysia sincerely and with unflinching gratitude wishes to thank the Nihon Shinbun Kyokai executives and staff for their long and beneficial contribution to NUJ Malaysia and journalists as a whole in the CAJ fraternity for allowing us the opportunity to participate in NSK's Fellowship Programme during these long and beneficial 40 years since its inception in 1978.

It saddens us to think of NSK's tireless effort has now come to an end, leaving all those beautiful memories of Japan in the hearts of those who have participated in this wonderful programme.

Needless to say, the programme has truly educated us on the lives of the Japanese people in terms of social, economy and politics but above all friendship.

May future holds good for NSK and its Executives and Staff.

Farewell to colleagues in the land of the Rising Sun

On Behalf of the Executive Council,

SCHAVE JEROME DE ROZARIO
General Secretary NUJ Malaysia
